TaeKwondo Demonstration Team

On GVCS campuses, there are demonstration teams for each of them. Demonstration teams are selected based on their TKD skills and attitude. TaeKwondo has 5 main values: courtesy, integrity, perseverance, self-control, and indomitable spirit. These help build up the student's mindset to be more mature. Gathered with elite students who keep those 5 values, demonstration teams exhibit others with a very good image of the school. They also work as the representatives of GVCS to other places by going to demonstrations. They go to mano-haven(nursing homes), festivals, and show the power of Korean Traditional Martial Arts. Demonstration Teams not only show the audience the power, but they also disclose a meaning behind the acts that sometimes brings the tear out of the people. TaeKwondo Demonstration Team, the pride, and boast of Global Vision Christian School, will never stop going forward.
