1.SCHOOL VISION

- **We** realize alternative education as a solution of the social problems experienced by an increasing number of students after study abroad programs. The loss of identity due to internalization and the problem of families growing Gireogi dads (dads alone earning money in the home country with the family abroad) and the low success rate (less than 20%) due to lack of effective administration and difficulty to effectively learn English even after spending a huge amount of money (more than 6 trillion KRW yearly as of 2007) for early study abroad after the overall permission of early study abroad by the government in 2000.
- **We** realize the alternative education by preparing specialized program and educational environment to effectively train students to learn foreign languages and global cultures without going abroad whose vision and parent's expectation is in more global diplomat, international relations, international law, and high technology.
- **By** providing sound teenage culture education with more than the curriculum by the Ministry of Education and personality education of the Christian spirit for the students who want to spend their teenage years safe from the wrong school and culture of smoking, schools today language violence, or rejection and that is found in.

We aim to make a school where students are respected as individuals

A school that students would want to go, and a school to study independently

2. GLOBAL VISION EDUCATION DECLARATION

- WE DECLARE TO BE LEADERS THAT BREAK THROUGH IDEOLOGICAL AND CULTURAL BARRIERS TO WORK FOR THE PROSPERITY AND PEACE OF THE WORLD
- WE REFUSE AN EDUCATION FOR COMPETITION AND HIERARCHY, BUT WELCOME ONE FOR INDIVIDUAL POTENTIAL AND DIVERSITY
- WE VALUE THE HAPPINESS OF OTHERS AND CHERISH THE WISDOM OF HARMONY
- WE ASPIRE TO PROFESSIONALIZE OUR GODLY TALENTS IN ORDER TO CULTIVATE GLOBAL PEACE BY BECOMING BRIDGES OF COOPERATION THROUGH LINGUISTIC AND CULTURAL COMMUNICATION SKILLS
- WE DESIRE TO FOLLOW THE TEACHINGS OF CHRIST IN WHOLEHEARTED DEVOTION AND SACRIFICE TO BECOME GLOBAL LEADERS THAT SERVE WITH SINCERITY AND HONESTY
- WE SHALL BE FRIENDS OF THE WEAK AND NEGLECTED, BEARING A HEART OF SYMPATHY, SHUNNING SELF-SERVING FLATTERY BUT ALWAYS SEEKING JUSTICE AND IMPARTIALITY
- WE WILL FAITHFULLY FOLLOW THE TEACHINGS OF THE HOLY BIBLE AND COMPLETE OUR MISSION ON THIS EARTH AS CHILDREN OF GOD

3. GREETINGS FROM PRINCIPAL

Greeting from Pennsylvania Campus in the name of our Lord.

GVCS PA Campus was founded on August 2015, and is providing an education of advanced curricula, along with ample opportunities for hands-on experience through various after-school and weekend programs.

Starting 2017 fall, we have adopted STEAM integrated education into our curricula along with a 1-1 technology program. Smart Boards are being utilized in classes and each student is provided with a Chromebook as well in order to promote an academic environment where students not only participate but lead the education they receive in creative and individualized ways.

The school is credited by both the Association of Christian School International (ASCI) and the Middle States Association of Colleges and Schools (MSA), and with the help of our exceptional teachers, we will provide an education that incorporates the advantages of both Korean and American academics, cultivating Christian leaders of future generations that possess great discernment, insight, and influence.

We ask for your prayers and active participation on behalf of our educational community that was founded and is led by the mercy of our God that it may become a place for teenagers from all over the globe to come to dream, share, and study together as they mature into the global leaders who are after God's own heart. Thank you.

7.DUAL COURSE PROGRAM

WILSON COLLEGE / SHIPPENSBURG UNIVERSITY

Dual Course Program is the program that a high school student can earn college credits while enrolled in high school. Students will attend regular college course with college students both on-campus and off-campus.

This advanced program will benefit students since they will earn college credit while they are enrolled in high school and will be able to graduate earlier. Furthermore, students will have hands-on experience of college courses.

8. RESIDENCE LIFE

Students can either live on-campus or commute.

Dormitory teacher helps student to develop their basic characters and habits to support their studies and spiritual life. Also, they teach students how to live together as family in Christ and to develop healthy relationship. Continuing education for students is also provided in love and faith based on Christian values, which fosters students' law-abiding life, orderly behavior and respect for others
